## **Prices**

Ealing has special pricing for 500 'core' items (our most frequently ordered products) in the five categories above. Prices are published on the Strategic Procurement intranet page for corporate contracts.

We have a discount of 25% off list prices for most 'non-core' items (i.e. the rest of the Greenham product range). Non-core items include tools, equipment and materials. The discount doesn't apply to branded footwear, dispensing equipment, electrical goods and Geotextiles.

Where we have growing usage of a non-core product, it can be transferred to the core list at a better price.

## **Ordering**

It is possible to place orders online.

Schools should contact Greenhams who will be pleased to set up an account so that the school will have a delivery and invoice address. The school will share Ealing Council's terms and prices.

Greenham's Isleworth depot has a showroom where products can be viewed before buying.

Greenham will not supply goods without a purchase order number. To ensure that the correct goods are supplied, please state the product code, which can be found on the pricelist, in the supplier's catalogue, and on their website.

## **Deliveries**

Standard lines are delivered within two days from receipt of order. Special items may take longer. Alternatively, orders can be collected from the Isleworth depot.

Any defects or shortages should be reported to Greenham within three days for credits or replacements to be issued.
