## **SUGAR SMART**

## Sugar weekly diary

Add the snacks you have throughout the week and note their sugar content (this can be found on the product packaging under 'nutritional information'. At the end of the week, enter the total in the grid below. Calculate either in grams or sugar cubes (or both!).

### 1 sugar cube = 4 grams of sugar

#### **Example**

Monday	Sugar: g
Can of cola	9 cubes/36g
Muffin	5 cubes/20g
Total	56g

Day of the week	Sugar: g

# **SUGAR SMART**
