Training days

The above schedule sets out 198 days in total, providing a framework for schools from which five days should be selected as training days for teachers, set by headteachers in consultation with their staff.

Occasional days

The schedule also allows for the 3 occasional day holidays for pupils and staff to be set in consultation with each school's governing body and taken from within the 198 days specified in the schedule.

In considering the dates of these 3 days, governing bodies should take account of the need to observe religious festivals other than Christmas and Easter and the potential impact on pupil and staff attendance.

Should the occasional days not be required for religious festivals, schools can either use them at the end of the summer term 2025 (to align their term dates with the majority of London boroughs who do not allow for occasional days) or at another point in the academic year at the discretion of the governing body.

Please note that the total number of working days for teachers is 195 and for pupils is 190.
