

Newly qualified teachers (NQT) induction

We are delighted to welcome you to Ealing and to your first teaching post. Congratulations on your appointment and the start of your career in teaching.

Induction at a glance

- All qualified teachers who are employed in a relevant school in England must, by law, have to complete an induction period satisfactorily
- Statutory induction is the bridge between initial teacher training and a career in teaching
- The induction year offers systematic professional and personal support to all newly qualified teachers (NQTs).

Key people involved in NQT induction

- **In schools** this would be your headteacher / principal, governor, induction tutor / mentor and whole staff
- **In Ealing LA** the named contact at the appropriate body is Mirela Temo (NQT and EMA adviser)

The appropriate body (AB) has the main quality assurance role within the induction process. The AB responds to requests from schools and colleges for guidance, support and assistance with NQTs' induction programmes and provides training for induction tutors.
