Physical education (PE)

The Willow Tree Sport Partnership supports primary and special schools with the delivery of PE and school sport.

The partnership team consisting of PE specialists with QTS is able to support the development of the subject area in line with the primary school sport funding including strategic planning, CPD, curriculum/extra-curricular support, competition development and leadership opportunities for young people.

The main focus of the partnership is supporting schools to implement a curriculum of fundamental movement skills through a holistic, child centred approach in line with the new PE national curriculum.

For further information on the services the partnership offers and bespoke support, see Ealing’s services for schools brochure.

Youth Sports Trust
Website on enhancing the quality of young people's PE and sporting opportunities, includes sport programmes, events and background information.
