

Securing good programme

The securing good programme is designed for those schools identified as either in the amber or red risk categories so that specific needs and concerns are recognised, appropriate actions identified and a support plan agreed.

Further details of the programme can be found here:

Support packages

Schools identified for the securing good programme may wish to purchase bespoke support packages through the Ealing Learning Partnership when this is established or they may choose to look for support from other school improvement providers.

For more information and contact details see Ealing's school improvement support services pages ([related services link below](#)).
