

Black history month

During October the UK celebrates Black History Month (BHM).

The first BHM was celebrated in 1987 but today BHM has become an important date for the whole UK. BHM was created to promote and propagate the facts of Africa's Contribution to World Civilisation from Antiquity to the Present and exposing contribution of Africans to the socio-political and economic life of the UK and the rest of the world.

BHM 2023 is dedicated to celebrating the achievements of Black Women

This is an opportunity to highlight the crucial role that black women have played in shaping history, inspiring change, and building communities. This year's celebration will showcase pioneering black women who have made remarkable contributions to literature, music, fashion, sport, business, politics, academia, social and health care, and more.

Download the resource pack and plan your school's celebration.
