

## Most able, gifted and talented (MAGT) education

In Ealing, we are wholeheartedly committed to providing the best educational opportunities for all our pupils including our most able, gifted and talented pupils.

Why do the most able pupils matter so much to us?

Ofsted (2015) states '*It is crucial that our most able students fulfil their potential. We need to harness the talents of these students so that they can become the next generation of business, intellectual and political leaders. If we succeed, it will benefit not only them as individuals but our country as a whole*'. Thus, proper provision for the most able across the whole education system is critical.

## Choose from the following
