

Fischer Family Trust (FFT)

FFT is a non-profit organisation, backed by the Fischer Family trust, which provides data and analyses to all schools and LAs in England and Wales.

For over 10 years, FFT has been working successfully with local authorities and schools to analyse pupil results and pupil progress and provide school leaders with insightful data to support school improvement and self-evaluation.

Further details can be found on the [FFT website](#).

FFT Aspire

FFT Aspire is FFT's new reporting and data tool for schools, LAs and academy trusts. It provides accurate and insightful information enabling pupils to achieve their full potential and schools to improve. Using a set of interactive dashboards, data is presented in an easy to use format allowing schools to quickly evaluate past performance, identify strengths and weaknesses and set challenging targets for the future.

Dashboards are available for KS1 to KS5. They are designed for a wide range of users including teachers, subject leaders, department heads, senior school leaders, advisors, LAs, academy sponsors/chains and regional consortia.

Access

School level access to FFT Aspire can be purchased directly via FFT for primary schools, or via the local authority for secondary schools.

Training and support

Contacts

Accounts for the FFTAspire for London Borough of Ealing secondary schools can be set up by the schools data team.

Governors who wish to access the governor dashboard will need to ask their school to either download it from FFT Aspire or set them up with access to FFTAspire.

Please note that schools in other local authorities should contact their own LA project contact.
