

Schools code of conduct - revised version available

20 Sep 2021

The schools code of conduct has been updated to reflect the changes in the statutory guidance Keeping children safe in education (KCSIE), September 2021.

The changes are mainly around concerns that do not meet the harm threshold and not allowing fears about sharing information stand in the way of the need to safeguard.

The new document can be found on the EGFL at [HR policies and procedures](#)

Teacher and support staff unions have been consulted on the changes.

If any school would rather have version with tracked changes still showing please email me directly and I will forward.
