Closing the vocabulary gap

Alex Quigley will run these **two sessions** based on his extensive research and best-selling book 'Closing the Vocabulary Gap'. He will provide attendees with some pre-reading and a task to complete between the sessions.

In these sessions Alex will explore the increased demands of an academic curriculum and how closing the vocabulary gap between our 'word poor' and 'word rich' pupils could prove the vital difference between school failure and success. Alex will provide lots of practical solutions for teachers across the curriculum, grounded in evidence based approaches. Book a place via CPD online on the link below:
