

## Therapeutic Thinking network and tutor training

23 Aug 2024

Therapeutic Thinking was a real success across the borough in 2023-24.

Nearly two-thirds of all schools now have a tutor trained and feedback from the course continues to average over 4.5 / 5.

Leaders in all types of schools are updating their behaviour policies and practices. These developments align with a therapeutic approach that prioritises inclusion and recognises that all behaviour is a result of experiences, thoughts and feelings.
