Who can participate?

This competition is open to all primary, high, and special schools in Ealing. We encourage you to involve your students in the process and let them take the lead in proposing and developing the ideas.

Terms and conditions

- Projects must focus on reducing carbon emissions within the school environment.
- Students should play an active role in developing and leading the project.
- The winning school will be required to provide a brief report on how the prize money will be used and will present their project at our summer celebration event in July.
- All submissions must be made via the [official competition website](#)

Need some inspiration?

Here are a few project ideas that may help spark creativity:

- **Zero waste challenge:** Set up a campaign to eliminate single-use plastics at your school.
- **Composting initiative:** Implement a composting system in the cafeteria to reduce food waste.
- **Green travel plan:** Develop a tracking system to log and incentivize eco-friendly commutes among students and staff.
