

ELP's festival of learning 3 - 21 March 2025

10 Feb 2025

ELP's festival of learning, is a unique opportunity to visit an Ealing school that's showcasing their innovative practices that contribute to a collaborative learning community.

Our school community, governors and Ealing Council colleagues working with schools were encouraged to attend.

Festival of learning 3 - 21 March 2025

This event was built on the theme of the leadership conference 2025 "Leading, learning and innovating for inclusive school communities."

The festival of learning ran for three consecutive weeks from Monday 3 March to Friday 21 March 2025 and supported our key ambitions: No learner left behind and no school left behind.

This open-door showcase across all schools emphasised our commitment to collaboration between schools and the council, collectively addressing challenges within our locality.
