

Updated: School attainment one page data summaries 2023/24

10 Feb 2025

Your school's three-year attainment summary has been updated to include revised KS2 performance data, following the results of tables checking. It can be downloaded from your EGfL [school reports page](#) (when logged in) under 2023/24 > Data Summary.

About the document

This report was previously referred to as a link officer/link partner summary. These one page documents detail a school's primary attainment across key measures (EYFS, Phonics, and KS2) over a three-year period, against national performance. Attainment years displayed for comparison are 2022, 2023, and 2024.

Schools with SEN Unit/ARPs have not had these pupils removed from the figures in these summaries, but we can produce an alternative version if requested.

Please note: if you cannot see your summary upon the arrival of this news item, please wait 24 hours before contacting the schools data team. We expect all summaries to be uploaded by Wednesday afternoon.
