Hear from our teams

Our regional hub enables us to work closely with communities, schools, and local partners in London and the South East to deliver real impact. This is your opportunity to hear directly from our teams about how you can help us:

- Deliver our direct services to children and families, such as our domestic abuse and sexual abuse recovery services and our pregnancy support service.
- Scale-up our NSPCC evidence-based services and tools alongside your organisation.
- Campaign locally across the region to keep children safe.
- Partner with schools to provide resources and deliver key safety messages.
- Embed our newest services, like Building Connections.
- Provide resources for professionals via NSPCC Learning.

We look forward to welcoming you!
