
Social, emotional, and mental health (SEMH) provision report

26 Jun 2025

A review of social, emotional, and mental health (SEMH) provision across education, health, social care and the voluntary sector in Ealing was carried out between October 2024 and February 2025 and this is the report of the findings.

A series of multi-agency workshops have taken place this term and will continue in to the new academic year, with the aim of developing an action plan to improve the consistency of provision and ensuring that the system is easier to navigate for professionals, young people and families.

If you would like to be part of the forthcoming workshops, please contact Adam Brazier, Head of Access and Inclusion brazierA@ealing.gov.uk
