

## Children missing out on education reminder

11 Jul 2025

A gentle reminder about any pupils you may have on reduced timetables, who are accessing distance learning from home (Academy 21, EdClass etc.) or who are attending an alternative provision alongside their main provision.

Please make sure you have updated any plans that are outstanding before the end of term. Plans must be reviewed and updated on Gateway at minimum every six weeks.

If any of your pupils are on children missing out on education (CMOE) plans that are closing at the end of term, please make sure Gateway is updated with a plan end before school closes for the summer holiday.

Please see the link below for guidance on reduced timetables, alternative provisions and how to complete the Gateway forms:

[Children missing out on education \(CMOE\) | Ealing Grid for Learning](#)

Wishing you all a fun a restful summer break.

Kind regards

Access and inclusion team

London Borough of Ealing
