

Virtual school teacher allocations

For 2023-2024, Ealing virtual school is moving to an approach where each school with an Ealing child looked after on roll, will have one virtual school teacher (VST) as a point of contact.

There are some schools with more than one VST assigned to them. These are exceptions and are likely due to the school being all through or a specific circumstance to do with case complexity.

The virtual school teacher allocations list is available in the download section below. Log in to view the list.

For matters relating to Ealing CLA and questions around children previously looked after (adopted, those on a child arrangement order or special guardianship order), please liaise with your school's allocated virtual school teacher.
