

SEN and inclusion videos

The SEN and inclusion team received funding to make a series of videos for parents of children with additional needs. The aim of the videos is to:

- Offer reassurance to parents and reduce stigma around SEND
- Offer clear information and advice to parents on a range of topics relating to SEND assessment, diagnosis and processes
- To signpost parents to additional support for their child and their family

The videos are currently available in English with captions and have also been translated into 4 community languages with subtitles. Here are translated versions:

- SEN and inclusion videos in Arabic [SEN ?????? ?????? ??????? ?????? ?????????](#)
- SEN and inclusion videos in Gujarati [??? ??? ?????????? ?????????? ?????? ??? ??](#)
- SEN and inclusions videos in Punjabi [SEN ??? ?????? ??? ?????? ?????? ?????? ??? ??](#)
- SEN and inclusion videos in Tamil [SEN ??????? ?????????????? ?????????????? ?????????????](#)

How to use the videos

Schools can use the videos with parents in a number of ways:

- Upload to the SEND pages on your school website
- Show at SEND coffee mornings or meetings
- Use with individual parents to support conversations around SEND
- Share through social media such as Twitter or Facebook
- Use them at specific times during the school year for example key transition points
- Share them with staff so that they can signpost parents to them

The videos are publically available to view on the [ELP SEN & Inclusion YouTube channel](#) so links can be shared directly with parents.

Here is a full list of videos, a description and suggestions for their audience and when to use them. If you have any questions or would like more information about anything in the videos please contact Libby Giarraputo, School partnerships coordinator lgarraputo@ealing.gov.uk
