Additional / buy back services

With Ealing schools working together with passion, commitment and shared ambitions we can create the very best outcomes and futures for all children and young people in the borough.

The council's contribution commitment and school subscription will secure the delivery of the ELP core service set out in the 2023-26 ELP offer to schools brochure. This also enables us to offer schools the additional traded services to meet more bespoke needs and requirements.

These services are offered at discounted prices for ELP members and an indicative summary list is included in the offer to schools brochure 2023/26.

The full details of these services will be offered via the main services for schools online directory and order form, which will be available February 2024 on www.egfl.org.uk/s4s
