Bespoke consultancy package £1877

Four days of bespoke consultancy support delivered in school and tailored to the exact requirements of your school. Areas of work that we are able to cover include:

- Engaging parents in their child's learning and school life
- Enrichment activities for pupils and families
- Linking learning to future education and career choices
- Bespoke project development to tackle barriers to learning
- Fundraising advice and bid writing

A tailored programme of support will be designed following an initial planning meeting with a senior leader at the school.

Curriculum enrichment package £104

This package aims to support schools to harness the potential of free and low-cost opportunities, both in and out of school, to support the delivery of a wide-ranging curriculum through enrichment opportunities that extend beyond the academic, vocational or technical.

Schools will be able to use the resources to broaden knowledge and awareness of opportunities that nurture and develop pupils' talents and interests.

The package includes:

- Termly Horizon bulletin: a roundup of free and low-cost opportunities for school resources, training, school visits and places of interest with free entry.
- Let's Get Out and About school holiday newsletter that includes free and low-cost activities to encourage families to visit places of interest and enjoy the wide range of activities on offer in libraries and museums, outdoor places to explore, rainy day activities for in the home
- Exclusive invitations to events and local opportunities as identified by the team and their networks.

Office hours:

Monday to Friday, 9am to 5pm.

Planned improvements:

The Extended Services team is now known as the School Partnerships and Enrichment Team to better reflect the work that we do with schools. We have a number of buy back packages aimed at supporting schools in areas that we know are a priority such as fundraising, parental engagement in reading and primary careers and the world of work.
