Benefits

Experience of partnership working with Ealing schools, relevant teams, and agencies.

Children referred to us take part in:

- Reparative activities where young people make good for the damage, they have caused such as the youth community payback scheme, where children engage in cleaning off or painting over graffiti.
- Victim awareness and cognitive offending behaviour programmes.

We support children who are sentenced to custody to ensure they are fully supported from custody to the community. The YJS has an early intervention turnaround panel, which is a preventative programme that identifies children at risk of offending and provide multi agency support to them and their families to reduce the risk.

We also second a member of the team into alternative provision to work together, sharing information and practise to provide the best opportunity for high risk children.
