

## **Tri-borough crisis service – Alliance team**

This is a multidisciplinary team comprised of nurses, social workers, associate mental health practitioner, administrator and medical staff and is based out of Brentford Lodge in Hounslow borough, with outreach into Ealing. It is led by Rebecca Bird, Team Manager.

This service sees young people who have an Ealing GP and are aged 0 -18 years, presenting with a mental health crisis (psychosis, severe depression, an affective disorder, anxiety disorder or serious emotional difficulties)

Contact should only be made with the service if someone is in crisis/under the care of the Alliance Team. The service does not accept referrals directly. These come via Ealing CAMHS via the Duty System or via A&E.
