

# Data Collection and Analysis Newsletter

Summer term 2022/2023

*For primary schools*

Welcome to the 2022/2023 summer term edition of the Data Collection and Analysis Newsletter for primary schools. The aim of this newsletter is to communicate relevant issues, changes and improvements in the LA's data collection, analysis, and reporting procedures, as well as to publicise the services and information we offer.

As usual, please can administrators ensure they pass a copy of this newsletter on to their head and assessment lead, so these important updates reach the relevant people in each school.

## Schools Research and Data Team

The Schools Research and Data Team continue to provide a variety of services concerning the collection, analysis, and reporting of a range of data including school and pupil performance, inclusion, SEND, Virtual School, and school place planning data.

The team remains hybrid, with regular in-the-office days. Personal contact details can be found at the bottom of this newsletter but please continue to use [schoolsdatateam@ealing.gov.uk](mailto:schoolsdatateam@ealing.gov.uk) for general enquiries. Our shared inbox enables any member of the team to pick up urgent enquiries and respond in a timely manner, in the absence of specific area leads.

## Summer school census 2023

At the time of writing, many Ealing schools have submitted their summer census return, we appreciate your ongoing cooperation and responsiveness in resolving errors, queries and duplicates. For those schools who are yet to submit, the deadline for the LA to have checked all maintained schools and the deadline for academy submissions is Wednesday 14<sup>th</sup> June, the database closes for amendments on Wednesday 5<sup>th</sup> July.

## Autumn school census 2023

Autumn 2023 school census day is Thursday 5<sup>th</sup> October 2023. As usual the local authority ask that schools submit their return by Friday 6<sup>th</sup> October and notify us if there is likely to be a delay beyond this in making your return.

Further information and updates will be made available once summer census closes on the EGfL - <https://www.egfl.org.uk/finance-and-data/data-collection/school-census>.

## School workforce census 2023

School workforce census day for 2023 is Thursday 2<sup>nd</sup> November 2023. More information can be found online on the EGfL and the DfE website:

- [School workforce census \(SWC\) | Ealing Grid for Learning \(egfl.org.uk\)](https://www.egfl.org.uk/finance-and-data/data-collection/school-census)
- [School workforce census: guide to submitting data - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/school-workforce-census-guide-to-submitting-data)

## Children in part time or alternative provision

Thank you to all schools for your participation in the April data collection. The attendance team at the local authority are working on a new referral process for returning this data, and

communications about this will be circulated as soon as we have tested the new system so schools know how to return the data in the new academic year.

In the meantime, please do remember to tell us about any children who have come on or off your list since the recent April collection securely via our MS Form, which can be accessed at: <https://forms.office.com/r/KBvmTSDY0U>.

## Summer assessment & data collection 2023

A key focus of the Schools Data Team this month is supporting schools with the statutory assessment collections and ensuring all schools meet DfE deadlines. We would expect that all schools have now begun to prepare their assessment data, with deadlines at the end of the month (see table below). If you are yet to begin preparations, we strongly advise that you start thinking about how and where assessment data is held within your MIS system, and who is responsible for completing each return.

Primary assessment returns are of upmost importance as the data returned this month will be published by the DfE in performance tables (Key Stage 2), as well as your schools' Analyse School Performance (ASP) reports, and Inspection Data Summary Report (IDSR). The LA can't guarantee the same level of data and error checking for schools who do not submit by the following LA deadlines.

	Timeline & Deadlines	Submission Process
<b>Early Years Foundation Stage Profile</b>	Submit results to the LA by <b>Wednesday 28 June</b> (DfE statutory deadline Friday 30 June)	Schools should use their MIS system to record EYFSP outcomes in the usual way, export a CTF of the final data and upload as a CTF via the School-to-School system accessed via <a href="#">DfE Sign In</a>
<b>Phonics</b>	Submit results to the LA by <b>Thursday 22 June</b> (DfE deadline Tuesday 27 June)	Schools should use their MIS system to record Phonics outcomes in the usual way, export a CTF of the final data and upload as a CTF via the School-to-School system accessed via <a href="#">DfE Sign In</a>
<b>Key Stage 1</b>	Submit Teacher Assessment data to the LA by <b>Thursday 22 June</b> (DfE deadline Tuesday 27 June)	Schools should use their MIS system to record their KS1 TA outcomes in the usual way, export a CTF of the final data and upload as a CTF via the School to School system accessed via <a href="#">DfE Sign In</a>
<b>Key Stage 2</b>	Submit KS2 teacher assessments by <b>Wednesday 28 June</b> (DfE deadline Friday 30 June)	Schools should submit KS2 TA data directly to the DfE via the <b>Primary Assessment Gateway</b> - <a href="https://www.primaryassessmentgateway.education.gov.uk/">https://www.primaryassessmentgateway.education.gov.uk/</a>

For more information – including updates over the next few months – please visit: [End of key stage assessment data collections | Ealing Grid for Learning \(egfl.org.uk\)](#).

## Perspective Lite

The Perspective Lite platform is now live, and all headteachers have been sent log-in details for their school. A reminder that headteachers are the default super-users but will be able to add multiple

additional users if required. If you do not think you have not received your log-in details, please email [franchettim@ealing.gov.uk](mailto:franchettim@ealing.gov.uk).

Although the platform is now live, we are continuing to work alongside Angel Solutions to ensure all features are working as intended. It is possible that not all features are currently turned on, and this will happen gradually over the summer.

For those not familiar, Perspective Lite is a new self-service tool for ELP schools – driven by NCER data – which enables schools to personalise reports and display information that matches areas of focus unique to each school. Data will be made available before DfE statistical releases and will supplement the catch-all attainment reports currently produced for each school in the borough.

In March, a showcase from Angel Solutions was recorded: [Perspective Lite - tools for schools - Ealing LA 2023-03-22 13:25:49 \(vimeo.com\)](https://vimeo.com/711111111)

We will circulate an update when this summer's assessment data has been uploaded onto NCER and an emerging national picture is ready for viewing.

## School reports on the EGfL

For **ELP Schools** (or schools who buy directly into the data team service): Your individual school data summary was made available via the EGFL earlier in the Spring term.

2022/23 SEN Audit, Spring school census and geographical reports have all recently been made available on the EGFL for schools.

For **all schools**: We aim to have your 2023 attendance benchmark reports and school place planning reports available early in the Autumn term.

2022 attainment summaries were recently made available for children with a social worker, and we will aim to update this for 2023 once attainment data becomes available to us in the Autumn term. One-page summaries of attendance of children with a social worker in Autumn 2022 was also published recently, there will be an update for two term data over the summer.

As usual, for any queries or comments on the content of the reports on the school or LA report pages, please contact Jen. Any queries relating to EGFL logins please contact [egflwebteam@ealing.gov.uk](mailto:egflwebteam@ealing.gov.uk).

## Additional Support for Schools

We offer a tailored service to schools through buy-back. Schools can book a member of our team to come into school and talk to data managers, senior management, classroom teachers, and/or governors about their school's data. This can include using performance data; and/or improving pupil tracking and information management. Schools can also commission the Research and Data Team to undertake additional analysis or training above and beyond that currently offered.

This buy back service is available for 2022/23 at a cost of £350 per half day (£450 non ELP schools) (or on a pro rata basis), subject to availability and capacity, and can be booked by contacting Jen.

## Contact Details for the Schools Research and Data Team:

Team e-mail: [schoolsdatateam@ealing.gov.uk](mailto:schoolsdatateam@ealing.gov.uk)

Jennifer Bull, Schools Performance & Intelligence Manager

Tel: 020 8825 5986

e-mail: [bullj@ealing.gov.uk](mailto:bullj@ealing.gov.uk)

Mike Franchetti, Data Analyst (Schools – assessment)

Tel: 020 8825 5375

e-mail: [franchettim@ealing.gov.uk](mailto:franchettim@ealing.gov.uk)

Viktorija Birmingham, Data Analyst (Schools – census lead)

Tel: 020 8825 5186

e-mail: [birminghamv@ealing.gov.uk](mailto:birminghamv@ealing.gov.uk)

Nicola Turner, Data Analyst (Virtual School)

Tel: 020 8825 5628

e-mail: [turnern@ealing.gov.uk](mailto:turnern@ealing.gov.uk)
