# Submit a nomination for London Teacher of the Year Awards

Nominations open on January 1 for London Teacher of the Year Awards and will be accepted until March 1.

As you know, at [*insert your school name here*] our staff and volunteers work hard for each and every pupil.

It would be wonderful if parents and friends of the school would consider nominating staff and volunteers who make a stand-out contribution in your eyes. This is a huge encouragement to all nominees, and a big public pat-on-the-back for winners and their schools.

Award categories include primary, secondary, newly qualified teacher, non teaching member of staff including dinner ladies and caretakers, and a volunteer award including members of the PTA, governors and other voluntary roles including, for example, reading supporters and those who support extra-curricular activities.

A panel of independent judges will decide the winners in each category for our borough, and the winners will be announced in June.
