

# Appropriate Body Service

# TEACH WEST LONDON

## We provide:

- High quality and timely training and guidance which meets the needs of Headteachers, Induction Tutors and ECTs.
- Targeted support and guidance to meet the needs of individual schools and individual ECTs.
- An accessible, responsive and engaged service to support your needs as a school: ECTs, Induction tutors and Head Teachers can contact us by phone/email if and when they need support.
- Expert advice and knowledge regarding a school's statutory obligations for ECTs, including formal complaints or challenges.
- A concise and easy to use Induction Handbook for ECTs, Induction Tutors and Headteachers with key information to support the induction process
- Access to an online system (ECT Manager) to track and record ECTs' progress and complete statutory assessments.
- Quality assurance of assessment forms, against the Teachers' Standards.
- Decisions on the outcomes of statutory induction for ECTs and submit reports to the Teacher Regulation Agency.

## Our vision:

Teach West London is committed to developing professional expertise to make a positive difference to the lives of children.

# How to register

- Please register your school, Induction Tutors and new ECTs on ECT Manager from May 2023.
- A reminder email will be sent to you in early May.
- For any interim enquiries, please email [AB@teachwestlondon.org.uk](mailto:AB@teachwestlondon.org.uk)

## FAQs

### Do I have to register for this service?

All new ECTs are required to undertake a Statutory Induction and should be registered with an Appropriate Body of their school's choosing.

### How much does your AB service cost?

With Teach West London, a school following the Full Induction Programme will pay £250 per ECT per year.

### My ECTs are already registered with a local authority AB, do I need to register?

In Harrow, Hounslow, Ealing and Hillingdon, ECTs who have already started their induction will continue to be supported by their current local authority AB service provider. New ECTs commencing their induction in September 2023 will need to be registered with an alternative Appropriate Body because local authority AB services will not be taking on new ECTs from September 2023.
