

THE SPIRITUAL IN SMSC

your school's journey of discovery

(NOTE: This is a repeat of INSET originally presented on 2 October 2014)

Thursday 11 June 2015 4-6 pm

Oldfield Primary School, Oldfield Lane North, UB6 8PR

Join us for a chance to compare notes and to look at Oldfield's experience of three years' focus on SMSC. We will consider the various ways 'the spiritual' might manifest in a school setting (*The Glass Slipper: or how one size doesn't fit all*); participants will also take a learning walk along Oldfield's inspiring nature trail to find clues regarding their school's individual journey. This event is free to all heads and SMT members in Ealing schools. Light refreshments will be provided.

Register on Ealing CPD online (event code **SCH 15/174**).

For me, SMSC is the reason I went into education and has been a passion of mine throughout my time working in and with schools. This INSET brought to life what SMSC is about in a dynamic way by integrating it into all aspects of school learning and life. The outdoor 'learning walk' was a powerful personal as well as educational experience and Liz and her staff exude the spirit of love and learning. A truly inspirational session.

~ Bill Moore, independent education consultant

Thank you for sharing your extraordinary and inspirational work in the recent INSET day at Oldfield. It was fascinating to hear the story of how the school came to create such an exceptionally nurturing and creative nature-based space. It was wonderful to experience it personally in a well-designed learning walk as well as hear about its many exciting applications in the children's learning, on so many levels.

~ Sushma Sahajpal, Connectar Creative Education
