

Ealing Mainstream Universal Speech and Language Therapy Team

Rachael Harbinson

Maddy Burnett

Lucy Flaherty

What we do:

We provide a universal speech and language therapy service to families of children over 5 in Ealing. **Children do not need a referral to access our service.** We provide:

- Training for parents
- Training for practitioners
- Student workshops on Speech and Language Therapy as a career

Did you know?

10% of children have **long-term** communication needs - that's **2-3** children in every classroom

Good spoken language skills are **strong predictors** of later **academic success**.

Relationships: Language and social interaction play a key role in all children's social development.

Our aims:

We aim to provide intervention to children and families in Ealing by offering advice and support on speech, language and communication to parents and practitioners of children over 5. Our goal is to empower both parents and practitioners to help them to best support their child's communication skills. This includes identifying needs as well as understanding the support that can be put in place to provide a positive communication environment.

We welcome referrals to our Service. If you are concerned about a child you work with, please use our **advice line service** (between 1-4pm, Monday-Friday) by:

Calling: 07512 716 478

Emailing: ealing.sltadvice@nhs.net
