Early Help Assessment & Plan (EHAP)

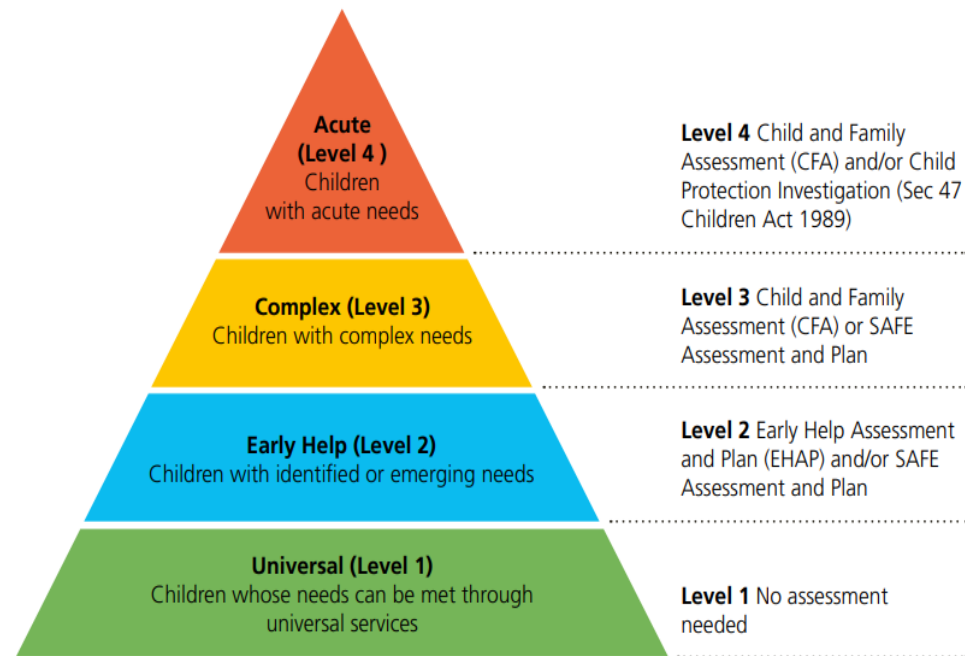

The Early Help Assessment and Plan (EHAP) is the process and tool Ealing uses for professionals to supporting children and young people and their families, through the delivery of multi-agency, multi-disciplinary or targeted support.

This is done as early as possible to tackle an emerging problem or issue before it becomes bigger, harder to address and affects the development or life chances of the child or children in the family

The EHAP is only used when a multi-agency, multi-disciplinary or targeted approach is necessary.
