Hello

Here is a brief update on the rollout of the SEN Gateway Digital Portal.

**Moving to fully digital ERSAs** Over the first 2 terms of this academic year, the Gateway support team has onboarded the majority of Ealing's schools onto Gateway. From this Summer Term, Ealing SEN Assessment Service (SENAS) will be moving to fully digital ERSAs via Gateway.

In order to achieve this, **SENAS will no longer be accepting ERSAs from Ealing schools via email or hard copy with effect from 19<sup>th</sup> April 2021.**

**Gateway Survey** Thank you for participating in the recent survey. Early results shows that the majority of schools are logging in regularly and find it to be **very good or satisfactory**. *Your contribution is greatly valued, and all the feedback will help shape training, support and future development.*

**Professionals using Gateway** the following partners have successfully implemented Gateway for submitting advice for EHC plans:

- ✓ Educational Psychology Service
- ✓ Speech and Language Therapy Service
- ✓ Occupational Therapy service
- ✓ Paediatric Physiotherapy service
- ✓ Community Paediatricians
- ✓ Child & Adolescent Mental Health Service (CAMHS)
- ✓ Paediatric Nursing team
- ✓ Sensory support services (SENS)
- ✓ FE Colleges

**Next steps** Training for further partners to use Gateway is underway. This will support the development of the **Parent Portal** and to allow the future development of functions such as **Annual Reviews**.

- **Private and voluntary Nurseries** (working with Early Years Consultants)
- **Community Team for People with Learning Disabilities CTPLD** (joint Health/Social care team for young people moving towards adulthood).
- **Independent and non-maintained schools and post16 specialist institutions.**

**Gateway training** An ongoing schedule of Gateway induction/refresher training for **schools and Early years settings** will be posted on EGFL training schedule.

To request Gateway training or support, or to share feedback, please email: [EalingEducation.ICT@ealing.gov.uk](mailto:EalingEducation.ICT@ealing.gov.uk)
