

Being responsible on your school journey

JTA 1: Hello, my name is (all JTAs say your names) and we are your JTAs. Today we are going to talk about how we can all help others be safe near the road.

JTA 2: If you have a younger brother or sister help make sure they are being safe near the road by holding their hand and making sure they don't walk too near the edge of the pavement

JTA 3: If someone moves out of the way on the pavement to let you pass, make sure you say **thank you**.

JTA 4: Listening to music or talking on the phone is distracting and means you are less able to concentrate on crossing the road. Remind whoever you are with that this is not safe behaviour.

JTA 5: If you are worried about someone being unsafe near the road tell an adult.

JTA 6: If we all do this, we would help make a happy and safe local community. Try doing one of these things this week and see if you notice the difference!

Thank you for listening
