

Why is it good to walk to school?

Walking is an easy, fun and healthy activity that kids and families can do every day!

It's also great fun to join up with friends along the way on your journey to school, so why not ask a few friends to walk together and start making it part of your daily routine?

There are so many benefits to walking to school but remember to stay safe and set a good example to your children.

Online resources are available at the following links to help you teach your child about staying safe whilst walking to school and have fun along the way!

Walking to your school

A detailed map of the Greenford area in London, showing streets, parks, and walking routes. The map highlights two specific walking routes, each marked with a dashed line and a stopwatch icon. The first route, starting from the station area and ending near Oldfield Primary School, is labeled '10 min walk = 800m = 7,000 calories burnt per year'. The second route, starting from the station area and ending near the A40 Western Ave, is also labeled '10 min walk = 800m = 7,000 calories burnt per year'. The map includes various landmarks such as Oldfield Primary School, Cayton Green Park, Ravenor Park, and Perivale Park Golf Course. Major roads like the A40 Western Ave and the M4 are also shown.

Walking is the most popular way parents travel and you and your child can meet lots of friends from school along the way.

-  Popular walking route
