## Curriculum Enrichment Providers List 2016-17

### Background

This list has been compiled by the borough wide extended services team in Ealing as a resource for schools looking to contract or invite external providers to run extracurricular activities (outside of lesson time) or provide curriculum enrichment services.

By compiling this list the extended Services team is not recommending these providers. It is only an information resource for schools and you are advised to seek references from other settings who have used the provider previously. It is the responsibility of the school to ensure that safeguarding procedures are in place and it is a requirement that all those working with children, staff as well as volunteers that have 'significant contact' with children, have been subject to a criminal record bureau (DBS) check.

We apologise if you find any of the contact details are incorrect or out of date, please do contact us if this should happen.
