

PE School Sport and Physical Activity

*Helping schools and pupils to
recover socially and emotionally*

WILLOW TREE

SCHOOL SPORTS PARTNERSHIP

Hosted by Willow Tree Primary School

2021-2022 SLA

About Us

The Willow Tree School Sport Partnership is a not for profit educational organisation. We are firmly committed to providing young people with the very best education in physical literacy and schools with the best support to provide all young people with the opportunities to:

1. Develop lifelong participation and lead an active, healthy lifestyle
2. Realise their full potential and be the best they can be
3. Develop holistic life and learning skills which can be transferred to everything they do

Willow Tree SSP provides:

- Delivery of all PE, school sport and physical activity programmes led by qualified teachers
- Expertise in SEND as the YST West London lead school for inclusion
- Delivery and interventions that have received national and regional awards
- Quality assurance and line management of all staff by qualified teachers and senior leaders
- Access to FA Girls Football School Partnership programmes and resources

Responding to the effects of lockdowns on children's physical, social and emotional well-being

Data gathered from Sport England, the Youth Sport Trust and Public Health England has confirmed there has been a decrease in activity levels and increased mental health concerns compared to pre-COVID 19 levels. This includes the following headline data:

- Across London 41.9% of young people are active for 60 minutes or more per day in line with Chief Medical Officer guidelines (significant decrease compared to previous year)
- 34.1% are active for an average of less than 30 minutes a day (significant increase)
- Significant drop in physical literacy of young people made up by their confidence, competence, motivation plus knowledge & understanding to take part
- The decrease in young people's activity levels during lockdowns has contributed to some of the issues they are now facing – from mental health difficulties and low levels of physical fitness to developmental delays

Medical experts, campaigners and bosses of the biggest mental health and youth charities in the UK have issued a warning that we face “the worst” mental health crisis for children and adolescents in our lifetimes.

It is widely recognised that a child's emotional health and wellbeing influences their cognitive development and learning as well as their physical and social health and their mental wellbeing in adulthood. This is also emphasised in the OFSTED Inspection framework in the quality of teaching judgement, where *'The inspection criteria states that the role of teaching is to promote learning and the acquisition of knowledge by pupils and to raise achievement, but also to promote the pupils' spiritual, moral, social and cultural development.'*

The 2021-2022 Willow Tree SSP SLA has been re-aligned to support **young people's recovery socially and emotionally** through the delivery of **high quality PE, school sport and physical activity**.

We are also able to offer schools that commit with additional bolt-on services (see attached document.)

Schools not committing to the School Sport Partnership still have the opportunity to access School Games only events at point of entry with a charge of £50 per team. The School Games core offer service information has been included with this communication and is available on request.

For further information and to discuss the level of commitment that meets your school needs, please do not hesitate to contact Mark Needham on 07786 175053 or email mneedham4.307@lgflmail.org

Recommendations

'Thank you very much. Loads of ideas for all key stages. Good professional development, really appreciated the specific ideas for reception. Really clear explanation of how it all works but found the hands on approach invaluable.'

Ealing NQT

'I cannot recommend the Willow Tree Sports Partnership highly enough. The support they continually provide schools with gives PE leaders and teachers the knowledge and confidence to provide children with a high quality of PE provision and a wide range of competitive and inclusive opportunities.'

PE Coordinator

'I've learned a huge amount from you in the last 6 weeks and going forward I feel much more confident and comfortable teaching Real PE to the kids.'

Ealing class teacher

New for 2021 - 2022
